

# LEAGUE EXCELLENCE PROGRAM

## EARN YOUR RECOGNITION

Raising your operational standards is what your athletes deserve and parents expect. Take the next step toward bringing success to your organization by becoming a USA Football Recognized League.

As a youth football organization, you can engage in the League Excellence Program by meeting or exceeding the requirements established in the levels. Based on your achievements, you will earn increased recognition and support from USA Football.

### PUT ATHLETES FIRST

From coach certifications to game type offerings to operational standards, the program helps you create the best environment for young athletes to learn, thrive, and mature into better players and people.

### ESTABLISH CREDIBILITY WITH PARENTS

Parents are the primary decision makers when it comes to which sports their young athletes play. Earning a USA Football designation demonstrates to parents both the quality of your organization and its commitment to their kids.

### RAISE THE BAR

Showing your dedication to growing the sport the right way and nurturing whole athletes positions you as a model for what other leagues in your community, your state, and even nationwide should strive to imitate.

“ We don’t just want to be a league out there; we want to be the best league in the country. **We want to adopt all the correct principles and standards.** We want to be able to teach and mentor and give all the assistance to these coaches that are volunteering all this time...for the end results of our kids.
