FANBOOKS PARENT RESOURCE

Fanbooks®

1 COLLABORATION

The best Fanbooks exist because parents (and coaches) care.

When your players look back at their season one, two or even ten years from now, Fanbooks will bring those memories back to life. But let's be honest, a "book" sounds — and maybe also feels — hard.

We're parents too, and we created Fanbooks to solve this problem. We want to look back on these wonderful moments, too. We've made an easy tool that makes book creation, fast, easy, and personal.

Google Drive

Dropbox

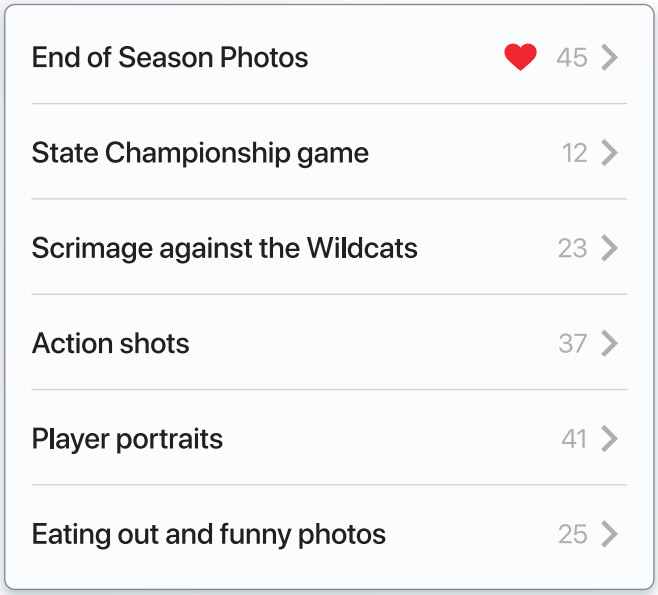
WeTransfer

Free ways to share

Parents and team representatives can work together to gather photos of each kid/player on the team.

Google Drive, Dropbox, and WeTransfer are all free ways to share.

2 BUILDING YOUR BOOK A WEEK AT A TIME



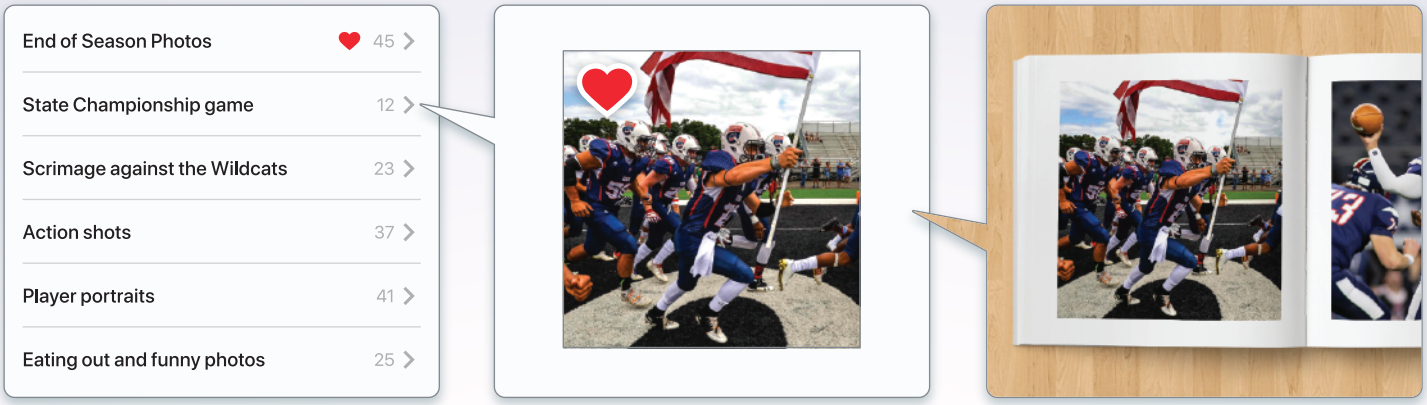
Managing and organizing photos is probably the hardest part of creating a commemorative book for your season.

Depending on the number of photographers your team has, there could be hundreds, if not thousands of photos to organize for the season.

Thanks to our Event Albums, reviewing photos every week is easy!

Easily build your books

Add photos by week, game, or by player. You can choose your favorite photos throughout the season and then build your book with a couple of taps on a screen.

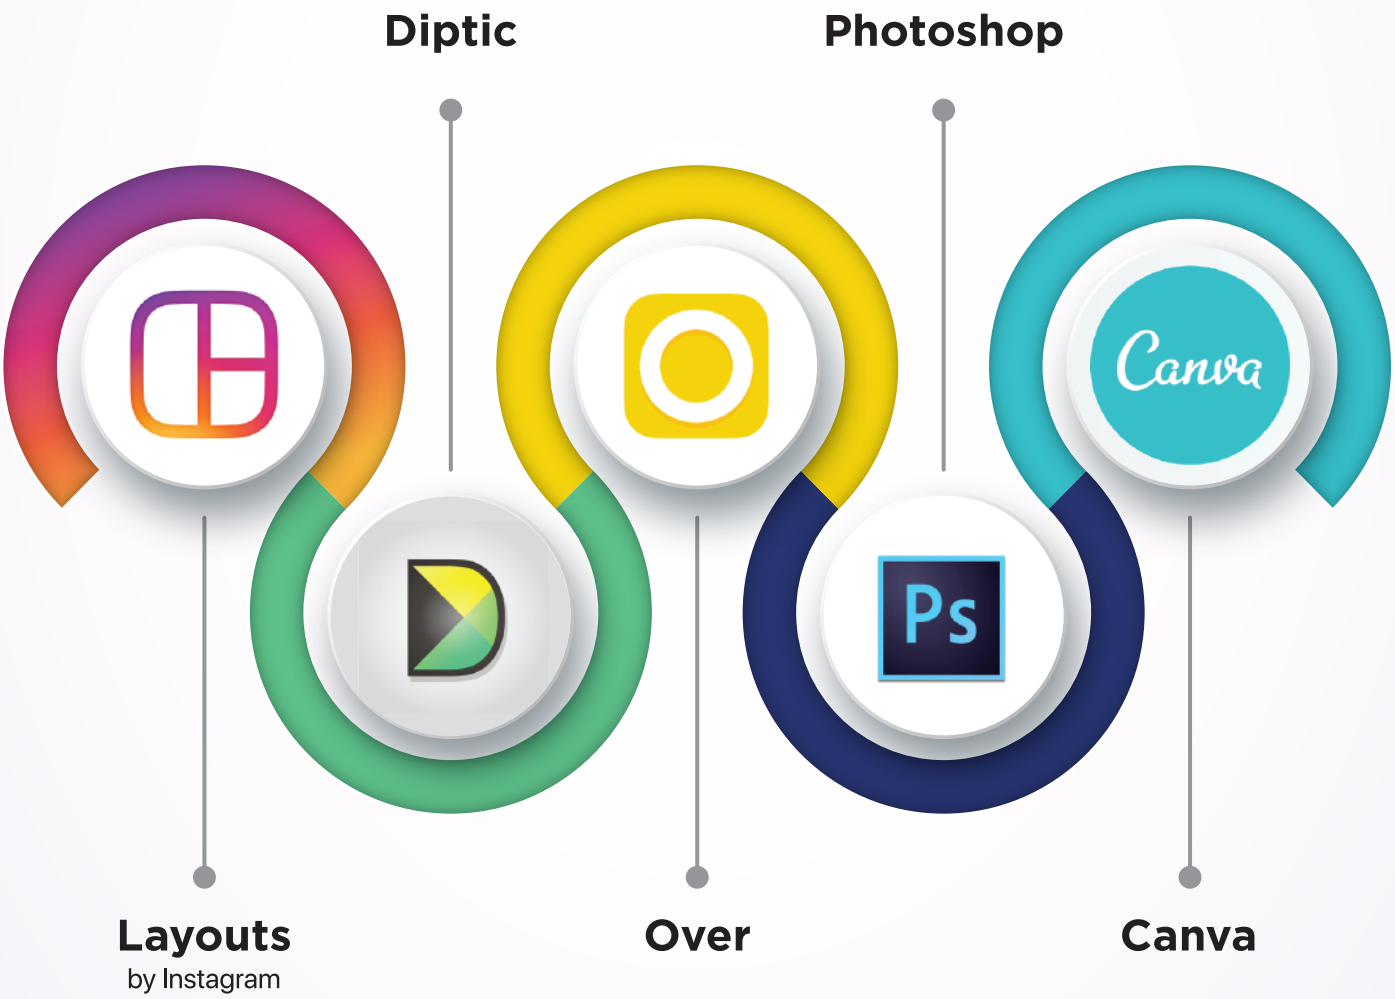


3 DESIGNING YOUR BOOK

We're not all designers so we've made Fanbooks easy to create clean, beautiful covers and books without a degree in graphic design.

However, there are tools that exist that can make a beginning photographer look like a pro. Many apps let you create collages and add text to your photos.

Some of our favorites are:



As always, you can reach out to Fanbooks at helpdesk.fanbooks.com to download templates and resources or to make sure your books turn out as great as possible.
